SCHOOL OF ENGINEERING, BANGALORE.

Notification D. No. 9, of 1923-24 dated 14th July 1923.

1. Notice is hereby given that sealed tenders will be received by the Superintendent, School of Engineering, Bangalore, till (1st August 1923) for the supply of the undermentioned articles required for the use of the workshop attached to the School, during the official year 1923-24.

2. An approximate estimate of the quantities required is given against each item in the list. (Quantities are not guaranteed.)

3. Tenders should be submitted in the following form showing the rates at which the different items specified in the list will be supplied.

4. Each tender must be accompanied by a deposit of Rs. 100 in currency notes, as earnest money, and be superscribed "Tenders for the supply of materials for the use of the workshops at the School of Engineering, Bangalore, for the period from 10th August 1923 to 30th June 1924.

5. The final acceptance of the complete tender or any portion thereof will rest with the Inspector-General of Education in Mysore, who does not bind himself to accept the lowest or any other tender or assign any reason whatsoever for the rejection of any tender.

6. Within a week of the acceptance of the tender, the successful competitor will be required to execute a contract bond, in default of which, his tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the notice board of the School of Engineering, Bangalore. No enquiries regarding the acceptance or rejection of tender will receive any reply.

8. On acceptance of any of the tenders, the earnest money on the rejected tenders will be returned.

9. The successful competitor shall guarantee sufficient stock of the materials enumerated in the list and comply with all the indents made on him within three days of receipt of order sent to him during the said period of agreement.

10. The rate tendered for each item shall include the cost of delivery at the Stores of the School of Engineering and shall be binding on the supplier for the above period.

11. Materials supplied, if found not up to the standard, in quantity or specification will be rejected and the supplier shall remove and replace the same with such materials as would satisfy the specification.

12. Clear specifications for the various items must accompany the tender.

13. Should the successful competitor fail to supply the required material or replace the rejected material in time, the same will be purchased elsewhere and the difference in cost between the tendered rate and that at which the material is purchased will be debited to his account by recovery from the bills that are due to him and only the balance will be paid.

14. All the materials received will be weighed again in the School and the weights thus arrived at should be accepted as final.
